ABOUT

BLACK DIAMOND DELIVERS EQUIPMENT, SOLUTIONS AND THE PARTNERSHIP YOUR JOB DEMANDS.

Black Diamond Equipment Rental powers the Mid-Atlantic with heavy-duty machinery and job site essentials built for performance.

Known for reliable service, top-tier equipment, and a team that shows up when it counts, we help you finish the job - no matter the size.

From first call to final delivery, our team is available 24/7 to ensure your equipment arrives on time, fully serviced, and ready to work.

We stand behind every machine with dependable gear, responsive support, and honest communication when you rent or buy with us.

Whether you need equipment for your next job, engineered trench solutions, or economical equipment ownership options, WE GOT YOU.

INDUSTRIES

Black Diamond serves the industries where precision, grit, and reliability matter most. From general construction and industrial operations to heavy highway, sewer and water infrastructure, AI and data centers, and upstream/midstream oil & gas, we're built for environments where the work is tough and the stakes are high.

RENT OR BUY. REPEAT

ABOVE GROUND OR DOWN UNDER

WE GOT YOU.

WE OFFER:

SAFETY FIRST. ALWAYS.

Every unit, every trench system, and every machine for sale is rigorously inspected and maintained to meet or exceed industry standards. Operator protection and regulatory compliance aren't negotiable — they're built into everything we do.

WIDE SELECTION, RIGHT FIT.

From heavy-duty machinery to specialty tools, our fleet spans every category you need. We offer earth moving equipment, job site essentials, aerial equipment, trench systems, and more. Whatever the challenge, we help you find the right equipment every time.

SERVICE READY, PROJECT STEADY.

Our in-house technicians and field support teams keep your operation on track. From preventative maintenance and rapid response repairs to certified setup and hands-on training, we ensure peak performance across your entire job.

EFFICIENCY THAT PAYS OFF.

With streamlined logistics and field services, we maximize productivity and minimize downtime.
